October 2020

Dear Parents,

Hello! Thank you for your hard work in the month of September! As promised, I will do my best to provide activities that DO encourage your child to create, explore, learn, and love music, but that do NOT increase your stress level. Each monthly packet will include a variety of activities, some easier than others. Pick what works best for your family, and do as much as you are able/comfortable with. Every activity in the packet does not need to be completed in order for me to give sufficient grades.

Attached are music activities for the month of October for your child. For this month, I added several activities with video links, and these are all available in my Virtual Classroom. I included a link to my classroom below, but it has so many letters and numbers in it – if you'd like me to email you the link, simply send me an email to let me know you'd like the direct link. It can also be found on the school website: Go to www.ellicottvillecentral.com, click "Elementary", then "Elementary Teacher Websites" – find my name, and then the link for my 1st Grade Virtual Classroom is on the bottom left of my home screen.

As with last month, while you are navigating through the "virtual learning" for all subjects, please do not fret over the amount of music work that is done. I would be just as happy if you tell me that you put on your favorite song and had a family dance party!

I will have to provide grades for this work for report cards, so please: fill out the attached Activity Log, take a picture of it, and email it to Mrs. Pfeffer at: lpfeffer@ecsny.org Please also include pictures of any worksheets that your child completes (some months might not have any worksheets).

If you can't email it, you can send the hard copies back to school, in the envelope they came in.

This packet is due by October 31st, and a new packet will be sent to you for November.

I also sent home an "Instrument Kit" this month! It includes: Rhythms sticks, maracas, tambourine, scarf, pencil (to be used as a triangle – more info soon!), pool noodles (scrapers), and bells! Some of these items will be used this month, and others as the school year goes on. Please keep this kit in a safe place, and feel free to use it for our music activities - or just for fun!

Following this page, you'll see a calendar with weekly (and extra) activities. At the end of this entire "Specials Area" packet is an activity log for all subject areas.

Thank you so much for all you're doing, and please reach out at any time if I can help in any way. And remember: We WILL get through this – together, but apart! ☺
